REVIVAL OF DRUGGET INDUSTRY.

The Minister for Finance and Industries held a meeting on 13th May 1949 at 4 P.M., with the Drugget Manufacturers, Departmental Officers and others interested in the Industry and held discussions regarding positive steps to be taken to revive this important Cottage Industry expected to earn one million dollars per annum in this hour of dollar shortage crisis in India. Among others, were present the following :—

1. *Rajadharmaprasakta* Sri A. R. Nageswara Iyer, Retired High Court Judge.
2. Sri Anantharamiah.
3. Sri D. R. Puttanna.
4. Sri Krishniah.

After a full discussion of all aspects of the case, it was decided to standardise production and place only certified quality goods in the American market which is the main market for Bangalore druggets. With this end in view, a Wool Processing Centre should immediately be established for arranging blending and dyeing of wool at one centre and for supply of standard quality yarn to the cottage weavers. They weave druggets in their cottages and deliver the fabri back to the centre for sale in U. S. A.

A subscription list was opened immediately for raising th necessary capital and collections to the extent of Rs. 40,0(were subscribed for. The Secretary of the Drugget Manufa turers Association and others have promised to make furth collections and to start work immediately, with the activ help of Government. The Textile Expert of the Governme has been asked to take up the work as an item of special dut and it is hoped that production under the scheme will sta early and this, once a flourishing industry, will again b revived and while providing work to a number of weave will earn dollars for India.

STEEL ALLOTMENT TO THE STATE AND DISTRIBUTION TO THE PUBLIC.

Due to acute shortage of steel in the country compared with the demand, the allotment of steel to different Provinces and States by the Government of India, is made on a population basis since the last nearly one year. The allotment thus received for the Mysore State is very meagre, being cut down to nearly one-tenth of the previous allotment, while demand has been continuously on the increase and applications for permits have been multiplying.

As a result, a large number of applications is pending for more than 2,000 tons of material, which it would take nearly a year to liquidate, and the Iron and Steel Controller is being put to the painful necessity of making drastic cuts until the position improves.

Efforts are being made to get an increased quota to the State for the use of the general public and small-scale manu-

turers of consumer goods, and the Government of India ve been pleased to promise all sympathetic consideration. is hoped that the position may improve shortly.

In the interval, the disappointment caused to applicants is gretled.

The position regarding Galvanised sheets and G. I. Pipes is o similar.

As equitable a distribution as possible is being made of the mited allotments that are received, essential and urgent eeds being given priority. A committee consisting of representatives of the public appointed by the Government to view the situation from time to time to ensure satisfactory stribution is actively helping in the matter.

The co-operation of the public is requested to tide over the itical situation.
